- PROJECT MANAGEMENT
- FIGMA

PROFILE SUMMARY

Motivated and detail-oriented IT graduate and aspiring UI/UX Designer with a strong foundation in full-stack web development and user-centered design. Skilled in building responsive, visually engaging, and interactive interfaces using HTML, CSS, JavaScript, jQuery, and Bootstrap, along with developing secure and efficient backend systems using Laravel, PHP, and MySQL. Experienced in Figma, Canva, WordPress, RESTful API integration, and basic video editing to create dynamic, user-friendly, and performance-optimized digital solutions. Holds a background in Information Technology and is currently pursuing a Master's in Data Science, with a passion for continuous learning and applying technology to solve real-world problems.

WORKING EXPERIENCE

Jr. Full Stack Laravel Developer   *(3-3-2025 to 31-12-2025)*

iCreatives Technologies

Worked on real-world client projects, developing responsive and dynamic websites using HTML, CSS, JavaScript, PHP, Laravel, Tailwind and Bootstrap.

Collaborated with senior developers on both front-end and back-end tasks,

contributing to the complete development and deployment process.

Improved UI/UX design consistency and optimized website functionality for

multiple client websites, ensuring quality, performance, and client satisfaction.

RESEARCH ASSISTANT   (*Feb 2022 – Nov 2022)*

QUEST University

Assisted research on machine learning applications in healthcare.
Worked on data collection and analysis using Python.
